DUNS MILL (7)

In 1765, James Dunn was building a mill at the head of the NW fork of Langfords Bay. Since the millpond would flood the road to the Lower Church, the court allowed Dunn to move the existing road below the dam (Pat Melville, "Roads in Kent County, 1669-1757," *The Archivists' Bulldog*, February 11, 2002).

Duns Mill was shown on the east bank of Langford Bay at its head on the south side of the road to St. James on the Dennis Griffith 1794-1795 State map. The Mill Farm of Edward Tilden was advertised as adjoining Dunns Mill, *Baltimore American*, July 30, 1822. The 1877 atlas showed O. Connelley's gristmill on the west bank of Lankford Creek, south of Richards Bridge Road, north bank of the creek. Owen Connelly [sic] was listed as miller at Edesville in the 1880 State business directory.
